

WHAT WE PUT INTO  
**EDUCATION**  
DETERMINES WHAT WE  
GET OUT OF IT

Today's students are growing up in a more demanding world. It's one that requires more math, more science and a higher level of education overall. To prepare them, we need to make sure Arizona's education system is strong at every stage – from birth through career.

Expect More Arizona is a movement of Arizonans who believe education needs to be our state's top priority. We want more people to be actively involved in strengthening education in our state. We want you. It's time for all of us to expect more of ourselves, our students and each other when it comes to what we are putting into education. After all, when our students succeed, we all benefit.
